## Fiscal primary surplus in September: S/. 354 million

In September, **central government operations** recorded a **primary surplus** of S/. 354 million, up S/. 98 million from a year ago, due to an extraordinary capital revenue. Excluding the latter, the primary balance is similar to August, even though current revenue and non-financial expenditure drop 5,2 and 5,7 percent, respectively.

**Current revenues** grew 9,7 percent against September 2002, resulting of higher income tax (18,3 percent) and excise tax (11,8 percent) collection, mainly of fuel and imports as well as the increase in non-tax revenue. Domestic VAT (IGV) increased 0,8 percent, despite the rise in the tax (from 18 to 19 percent) as a result of lower sales (2,2 percent). However, the latter was compensated by lower tax refund.

**Non-financial expenditure** totaled S/. 2 367 million in September, down S/. 116 million from a year ago (5 percent) due to lower gross capital formation (S/. 79 million), especially those with foreign financing; and current transfers (S/. 46 million), which were partially offset by lower wages and salaries (S/. 45 million).

**Financing** came from external sources (S/. 4 million) resulting from the difference between US\$ 115 million disbursement and US\$ 114 million amortization, domestic sources (S/. 4 million) and privatization receipts (S/. 4 million). Regarding the placement of sovereign bonds, this month the Treasury issued S/. 168 million and paid S/. 600 million. Additionally, the government issued IOUs by S/. 290 million.
